

FINAL_IMPROVEMENTS_SUMMARY

FINAL MENTAL HEALTH PREDICTION SYSTEM

✓ ALL REQUESTED IMPROVEMENTS IMPLEMENTED

1. Rendered Markdown Everywhere ✨

- ✓ Prediction results now render as formatted markdown
- ✓ System status displays as clean, readable markdown
- ✓ All explanation cards render properly as formatted content
- ✓ Clean, professional formatting throughout

2. Copy Button Added 📋

- ✓ Copy button next to prediction results
- ✓ Results automatically formatted for copying
- ✓ Status indicator shows when content is copied
- ✓ Preserves all formatting when copied

3. Tabbed Explanation Cards 📄

- ✓ "🔍 **Model Explanation Guide**" - Why predictions happen
- ✓ "⚠️ **Risk Classification Reference**" - Risk level definitions
- ✓ "🏥 **Treatment Seeking Guide**" - When treatment is recommended
- ✓ "📊 **Symptom Score Interpretation**" - Understanding scores
- ✓ "📈 **Model Technical Specifications**" - Performance metrics
- ✓ All cards accessible via intuitive tabs
- ✓ No more selection dropdown - just click tabs

4. Clean, Professional UI 🎨

- ✓ All content renders as formatted markdown
- ✓ Professional styling with custom CSS
- ✓ Responsive design elements
- ✓ Intuitive navigation
